Preparation of this Report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has <u>not</u> been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

This material can be made available for individuals with special needs. Please call the Senior Condominium Specialist at 586-2643 to submit your request.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

This is a CONDOMINIUM PROJECT and not a subdivision. The land area beneath and immediately appurtenant to each apartment unit is designated a LIMITED COMMON ELEMENT and is not a legally subdivided lot. The broken lines on the Condominium Map bounding the designated number of square feet within each limited common element land area are for illustrative purposes only, and should in no way be construed to be the property lines of legally subdivided lots.

Unit 112A is a "spatial unit" which contains an area set forth and described in the Declaration and Condominium Map. There is presently NO STRUCTURE for Unit 112A. THERE ARE CITY AND COUNTY RESTRICTIONS ON THE NUMBER OF RESIDENTIAL DWELLING UNITS OR OTHER STRUCTURES WHICH MAY BE BUILT UPON THE PROPERTY. THEREFORE, UNLESS THE PURCHASER IS PURCHASING AN EXISTING RESIDENTIAL DWELLING, THERE IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO BUILD A RESIDENTIAL DWELLING UNIT ON THE PROPERTY. THE PURCHASER SHOULD CONSULT WITH THE APPROPRIATE COUNTY AGENCIES TO DETERMINE WHETHER THE PURCHASER MAY BUILD A RESIDENTIAL DWELLING UNIT, OR ANY OTHER TYPE OF STRUCTURE, UPON THE PROPERTY.

Developer has not yet recorded the Declaration, By-Laws and Condominium Map for this condominium project (collectively the "condominium documents"). As a result, any sales contract entered into by a Purchaser is non-binding and may be cancelled at anytime. Upon cancellation, the Purchaser shall be entitled to a prompt and full refund of all moneys paid, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250. The sales contract between Purchaser and Developer will become binding when ALL of the following events occur:

- · The condominium documents have been recorded;
- A copy of an amended public report with an effective date issued by the Real Estate Commission has been delivered to the Buyer, along with copies of the recorded condominium documents; and
 - The Buyer waived Buyer's 30-day right to cancel the sales contract.

This public report does not constitute approval of the Project by the Real Estate Commission, or any other governmental agency.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

- (1) The purchaser has signed the sales contract.
- (2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.
- (3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.
 - (4) The purchaser does at least one of the following:
 - (a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

- 1. Not a Subdivision. This is a condominium project which should not be confused with a subdivision. A purchaser of a unit will be conveyed a condominium unit together with an "undivided" interest in the common elements of the project. The entire parcel of land upon which the project is situated is designated as a common element. That portion of the common element which each purchaser has the exclusive right to use is called a limited common element or area, but is not a separate, legally subdivided lot.
- 2. Maintenance Fees. Developer believes that there will be no maintenance fees. This is because all costs of every kind pertaining to each unit and its respective limited common elements, including but not limited to, costs of landscaping, maintenance, repair, replacement and improvement shall be borne entirely by the respective unit owner. All utilities are separately metered. Based on the foregoing, there is no schedule of maintenance fees attached to this Public Report.
- 3. Insurance. In accordance with Section 514B-143(c), Hawaii Revised Statutes, each owner shall at its own expense obtain and maintain property insurance and name the Association as an additional insured. See Paragraph 16.1 of the Declaration. Prospective purchasers should consult with their own insurance professionals to obtain an estimate for individual property insurance.
- 4. Disclosure Regarding "AS-IS" Sale. The two units will be conveyed in their present "as is" condition.
- 5. Hazardous Materials. The Developer neither prepared nor commissioned a Phase 1 Environmental Site Assessment and makes no representations or warranties whatsoever. The Developer has made no independent investigation as to asbestos or other hazardous substances in the units or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Purchaser acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the units, or in, under or around the Project. Because of the possible presence of such substances, Purchaser should have the unit inspected to determine the extend (if any) of such contamination and any necessary remedial action. The Developer will not correct any defects in the units or in the Project or anything installed or contained therein and Purchaser expressly releases the Developer from any liability to Purchaser if any hazardous materials are discovered.
- 6. Lead Warning Statement. Pursuant to federal law, 42, U.S.C 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase."

- 7. Disclosure Regarding Selection of Real Estate Broker. The Developer plans to sell the units in the project, but is not prepared to make any current offerings of sale. When the Developer begins selling or offers to sell, the Developer will use a real estate broker for the sale of the units. Prior to entering into a binding contract for such sale, the Developer shall: (i) submit to the Real Estate Commission a duly executed copy of a broker listing agreement with a Hawaii-licensed real estate broker, together with a duly executed amendment to this public report identifying the designated broker, and (ii) provide a copy of the amendment to the purchaser together with a copy of this public report.
- 8. Spatial Unit. Unit 112A is a spatial unit. Section 514B-3, HRS, permits a unit to be described by spatial coordinates rather than constructing or erecting a physical unit. In this project, Unit 112A consists of a unit or spatial area the horizontal boundaries (footprint) of which is further described and shown on the Condominium Map and in Exhibit "A" attached hereto. The height and/or vertical limit of this Unit is the horizontal plan that is five (5) feet above the finished grade of the floor area enclosed by the horizontal boundaries and coordinates of the spatial unit. The net area of this Unit is approximately 25 square feet. This Unit is not within any applicable setback for improvements as shown on the Condominium Map.

If and when Unit 112A is replaced, it is expected to by replaced by a single-family residence in accordance with Paragraph 19.1 of the Declaration. The replaced Unit 112A will have that number of rooms (exclusive of lanai), and net living floor area in square feet (exclusive of lanai), as set forth in an amendment to the Declaration made in accordance with Paragraph 20.4 of the Declaration. Exhibit "C" attached hereto contains additional information regarding alteration of Unit 112A.

The Owner of Unit 112 ("Non-Building Owner") shall cooperate with the Owner of Unit 112A ("Building Owner") with respect to the Building Owner's construction of such residence, obtaining building, utility and other governmental permits, and obtaining utility services into his Exclusive Use Area which may be necessary or desirable for the residence to be built by Building Owner. Notwithstanding the foregoing, the Non-Building Owner shall not be required to incur any cost or expenses hereunder without being reimbursed by the Building Owner. All costs incurred in the building of the residence (or making of any change) shall be borne by the Building Owner, who shall indemnify and hold the Non-Building Owner harmless from any loss, liability, damage or expense incurred or suffered by the Non-Building Owner on account of such building or making such change by the Building Owner.

- 9. Dual Zoning. The project is located on land zoned R-10 residential district and P-1 restricted preservation district. The area zoned P-1 is located within State designated Conservation District. The boundary line separating the R-10 portion and the P-1 portion of the land is shown on the Condominium Map. The Exclusive Area appurtenant to Unit 112 contains a land area of approximately 7,275 square feet zoned R-10, and the Exclusive Area appurtenant to Unit 112A contains a land area of approximately 16,817 square feet zoned R-10 and a land area of approximately 47,910 square feet zoned P-1. The Hawaii State Department of Land and Natural Resources ("DLNR") has jurisdiction over uses and activities within the Conservation District. Prospective purchasers of Unit 112A should consult with the DLNR before purchasing the unit to determine whether the planned use of the property is permitted.
- 10. Amendment of Declaration and By-Laws. As stated in section 3.5 herein, the project's Declaration and By-Laws may be amended by owners holding 67% of the common interest. Since each owner holds 50% of the common interest, unanimous approval is required to amend the Declaration and the By-Laws.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

Permitted Alterations to Units

The following are provisions from the Declaration pertaining to alterations of the units in the Project.

- 1. Paragraph 19.1 of the Declaration provides that:
- 19.1 <u>Changes to Units.</u> Notwithstanding anything to the contrary contained in this Declaration, a Unit Owner, with the consent by the holder of any mortgage affecting the Owner's Unit (if required by such mortgage), shall have the right at his sole option at any time and from time to time without the consent of any other person, to improve, renovate, remodel, make additions to, enlarge, remove, replace or restore the improvements to or in his Unit or portions thereof or to make or build improvements upon the Exclusive Area appurtenant to the Unit (collectively, the foregoing are referred to "changes") subject to the following conditions:
- (i) All building plans for any such changes shall be approved by a Hawaii licensed architect or professional engineer and conform with applicable City and County building, zoning laws and ordinances (including, but not limited to setback requirements) and applicable State law; and, unless the Owner complies with Sections 444-2(7) and 444-9.1, Hawaii Revised Statutes, pertaining to the owner-builder exemption from the Hawaii licensing law, all construction changes shall be undertaken by a building contractor licensed in the State of Hawaii. The dashed line on the Condominium Map delineating the respective Exclusive Areas shall be treated as property boundary lines for the purpose of determining applicable setback requirements.
- (ii) All changes to a Unit must be made within the Exclusive Area which is appurtenant to the Unit; provided, however, that no structure as defined under the LUO shall be constructed or placed within five (5) feet of any boundary line separating two Exclusive Areas.
- (iii) No change to a Unit will be made if the effect of such change would be to exceed the Unit's proportionate share of the allowable floor area or building area coverage for the Land, or number of dwelling units, as defined by the LUO in effect when the change is to be made; provided, however, that each Unit shall be permitted to have only one dwelling unit as defined under the LUO. The "proportionate share" for each Unit shall be the same as its common interest in the Land.
- (iv) All such changes shall be at the expense of the Owner making the change and shall be expeditiously made and in a manner that will not unreasonably interfere with the other owner's use of his Unit or its appurtenant Exclusive Area.
- (v) During the entire course of such construction, the Owner making such change will cause to be maintained at his expense builder's all-risk insurance in an amount not less than the estimated cost of construction. The Association shall be named as an additional insured and, upon the request of the Association, evidence of such insurance shall be deposited with the Association or its Managing Agent, if any;
- (vi) The Owner of the changed Unit shall have the right to utilize, relocate and realign existing and/or to develop additional, central and appurtenant installations for services to the Unit affected by such change for electricity, sewer, and other utilities and services and when applicable, to add, delete, relocate, realign, designate, and grant easement and rights-of-way over, under, and on the common elements as necessary or desirable in connection therewith; provided that the same shall not cause any interruption in the service of such utilities to any other part of the Project or otherwise materially interfere with their use by the other Owner;

- (vii) If the consent to the change or joinder of another Owner is required by the Act, then each owner hereby consents in advance to such change.
- (viii) Each and every conveyance, lease and mortgage or other lien made or created on any Unit and all common interests and other appurtenances thereto shall be subject to the provisions of this paragraph and any lease of a Exclusive Area shall reserve to each owner the rights set forth in this paragraph.
- (ix) This Declaration is being imposed on the Land before completion of the contemplated construction of a residence on the Exclusive Area for Unit 112A. Consequently, the Owner of Unit 112 ("Non-Building Owner") shall cooperate with the Owner of Unit 112A ("Building Owner") with respect to the Building Owner's construction of such residence, obtaining building, utility and other governmental permits, and obtaining utility services into his Exclusive Area which may be necessary or desirable for the residence to be built by Building Owner. Notwithstanding the foregoing, the Non-Building Owner shall not be required to incur any cost or expenses hereunder without being reimbursed by the Building Owner. All costs incurred in the building of the residence (or making of any change) shall be borne by the Building Owner, who shall indemnify and hold the Non-Building Owner harmless from any loss, liability, damage or expense incurred or suffered by the Non-Building Owner on account of such building or making such change by the Building Owner, or obtaining such utility services.

2. Paragraph 20.4 of the Declaration provides that:

Amendments for Changes to Units. Notwithstanding the foregoing, an Owner shall have the right without the consent or joinder of any other person to amend this Declaration and the Condominium Map to reflect the changes made to his Unit in accordance with Paragraph 19.1 or Paragraph 19.2 of this Declaration. Promptly upon completion of such changes, the Unit Owner shall duly record with the Recording Office an amendment to this Declaration and to the Condominium Map, together with a complete set of the floor plans of the Project as so altered, certified as built by a licensed architect, engineer, or surveyor. All existing Unit Owners and all future Unit Owners and their mortgagees, by accepting an interest in a Unit, shall be deemed to have given each Unit Owner a Power of Attorney to execute an amendment to the Declaration solely for the purpose of describing the changes to his respective Unit on the Declaration so that each Unit Owner shall hereafter have a Power of Attorney from all the other Unit Owners to execute such Amendment to the Declaration. This Power of Attorney shall be deemed coupled with each Owner's interest in his Unit (including its appurtenant common interest) and shall be irrevocable.

The following describes my assessment of the present condition of the building and the unit therein:

- Without invasive examination of covered components: a.
 - The structural components of the Unit appear to be in (i) GOOD condition;
 - The mechanical installations of the Unit appear to be in (ii) G00D condition; and

Dear Mr. Nervell:

Subject: Condominium Conversion Project

112 Meleana Place

Tax Map Key (TMK): 1-9-003: 004

This is in response to your letter dated June 13, 2007, requesting verification that the structure on the above-referenced property met all applicable code requirements at the time of construction.

Investigation revealed that the two-story single-family detached dwelling with at least two (2) all-weather-surface off-street parking spaces and driveway met all applicable code requirements when it was constructed in 1969 on this 79,409-square-foot R-10 Residential District and P-1 Restricted Preservation zoned lot.

Investigation also revealed the following:

On August 19, 1971, a subdivision (File No. 71/sub-157) was approved for the consolidation and resubdivision of Lots 14 and 15 into two (2) lots: Lot 16 (TMK: 1-9-003: 003) of 16,824 square-feet (including the area of Easement "E" for utility purposes) and Lot 17 (TMK: 1-9-003: 004) of 1.823 acres (including the areas of Easements "B" and "C" for roadway purposes). The detached dwelling is on Lot 17.

For your information, the Department of Planning and Permitting cannot determine all legal nonconforming uses or structures, as a result of the adoption or amendment of any ordinance or code.

- (b) Escrow will collect payments due pursuant to the sales contract.
- (c) Seller will notify Escrow who in turn will notify buyer when payments are due.
- (d) Escrow will accept buyer's payments pursuant to the sales contract and will hold the funds or make payments according to the escrow agreement.
- (e) The escrow agreement states under what conditions escrow will disburse buyer's funds. Escrow will disburse upon receipt of the following:
 - 1. the conveyance document;
 - 2. all necessary releases of encumbrances (under Section 514B-45, HRS);
 - 3. the full amount of the purchase price;
 - 4. any mortgage or other instrument securing payment; and

- (f) Under the escrow agreement buyer shall be entitled to a refund, if buyer makes a written request for a refund and Escrow has received a written request from Seller to return buyer's funds (Section 514B-90, HRS). In addition, by law, (under Sections 514B-86 and 87, HRS) buyer has a right to rescind a sales contract.
